

DM2000

Double your productivity.

Featuring two independent articulating arms, the DM2000 desktop monitor mount makes it easy to position your displays exactly where you want them. Its VESA compatible mounting brackets support screens up to 27 inches and can be easily tilted to accommodate various viewing angles. Each arm provides 18 inches of reach and can be vertically adjusted to ensure proper line-of-sight. The DM2000 comes equipped with a clamp mechanism for easy installation on any surface with a ledge or grommet hole up to three inches thick, and includes integrated cable management for a clean and professional appearance.

- Product weight: 7.8 lb (3.5 kg)
- UPC: 800152715674

EASY INSTALLATION

The DM2000 features an easy-to-use clamp mechanism that allows it to be installed on any desk or table up to three inches thick. For a more discreet look, install the DM2000 within a grommet hole.

FULL RANGE OF MOTION

Each arm moves independently to allow you to swivel, pan and rotate your screens to meet your needs.

ADJUSTABLE HEIGHT

Easily adjust the height of the articulating arms to place the center of your monitors anywhere between 12" and 30" from your desk, depending on screen size.

155 DEGREES OF TILT

Tilt your monitors up to 65° forwards or 90° backwards in order to reduce glare and maintain proper line-of-sight.

CABLE MANAGEMENT

Along with detachable plastic covers, the DM2000 allows you to route your cables through its support arms to keep your work area clutter-free.

EVERYTHING YOU NEED

The DM2000 comes with everything you need for a quick and simple installation. Phone support and an online installation video are also available to help you along the way.
