

MTM86PL

MTM86PL lets you safely deploy even the largest of TVs or interactive panels from room to room for easy sharing of AV resources across your business. This AV cart's UL certification provides peace of mind when team members are maneuvering the cart. An included camera shelf and device tray allow conferencing devices, mini PCs, and collaborative equipment to come along for the ride. The compact base allows for easy passage through doorways while 3" locking wheels ensure your TV and equipment are secure and stable when not in transit. Height adjustable columns allow you to position the cart at eye level with your audience while providing spacious cable pathways for a tidy setup.

TECHNICAL ILLUSTRATIONS

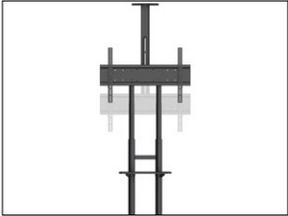

COMPATIBLE WITH INTERACTIVE PANELS

A 200 lb weight capacity and a wide 800x500 VESA pattern allow MTM86PL to work with nearly any size TV, interactive display, or touch panel.

COLLABORATION ON THE GO

The included camera shelf and device tray provide attachment points for conferencing devices, mini PCs, and other collaborative equipment.

HEIGHT ADJUSTABLE

Height adjusting columns enable your display to sit between 47.9" and 65.6" from the floor ensuring that everyone in the audience gets a great view of the action making meetings and presentations more engaging.

COMPACT BASE

MTM86PL's compact base allow it to maneuver through narrow doorways. To navigate over rough surfaces or thresholds, 3" casters are included that can lock when the cart is stationary.

UL LISTED

MTM86PL can be used in any setting with its UL certification to keep team members or the public safe when moving the cart with an attached TV.
